Cleanware™ Electrode Washer

Saves Time and Reduces Scratching

The Electrode Washer provides a safe, convenient way to clean delicate pH electrodes in place without the risk of scratching or damage. The unit consists of a polyethylene spray chamber to surround electrodes, a 500ml polyethylene reservoir that holds distilled water and a length of tubing to drain the chamber. The electrode hangs into the spray chamber and with a squeeze of the reservoir, a spray of water rinses the electrode. The base of the system is 14cm (5½") diameter and the washer is 21cm (8¼") high.

Vikem® Vinyl Aprons

Ask About Special Discount Pricing on Quantity Orders

Made from virgin vinyl film, Bel-Art® aprons have a stitched cotton binding securing all edges. Strong tie backs are double reinforced with metal grommets through three layers of material at the waist. Non-absorbent and chemically resistant, these aprons give excellent protection to personnel in hospitals, schools, laboratories and industrial plants. Yearly contracts on larger quantities at special discount prices are available.

NEW Plastic Disposal Box

This clearly labeled carton is dedicated to separating plastics from the waste stream. When filled, the entire box is collected ensuring safe handling and ready identification of contents during processing for final disposal. The rigid cardboard body supports a polyethylene liner that contains spills. The unit is sized to fit under many benchtops yet has a volume of approximately 38 liters (10 gallons) to hold a large quantity of plastic disposables. Disposal boxes are shipped flat and fold into shape easily. Dimensions: 30 X 30 X 68cm H (12 X 12 X 27"). *6 per pack, 10 packs per case.*
