

Protective Lab Labeling System

A. Tape Dispenser

Put an End to Peeling, Faded and Illegible Wet Labels

A highly popular, permanent labeling system that offers great flexibility and convenience for identifying containers, cabinets, drawers, books and lab equipment. This unique system utilizes a tape dispenser, labels and clear, waterproof, wear-resistant plastic tape which fully covers and protects the label. The durable tape dispenser is molded of strong ABS plastic with a steel serrated cutting blade. The roll is held in place by a spring-loaded cover and features an aluminum roller. 206 x 117 x 60mm H(8 $\frac{1}{8}$ x 4 $\frac{3}{4}$ x 2 $\frac{3}{8}$ "H).

B. Weight Attachment Kit

Finally, a Tape Dispenser That Stays Put!

To reduce tape dispenser slippage on the benchtop when tape is dispensed, attach this dedicated weighted base to the Tape Dispenser, F13450-0000. The epoxy-coated, 2.7 kg (6 lbs) steel base has four non-slip rubber feet that help keep the dispenser in position. Attaches easily to the tape dispenser with provided screws. Dimensions: 127 x 216 x 12.5mm (5 x 8 $\frac{1}{2}$ x $\frac{1}{2}$ ").

C. Clear Protective Lab Labeling Tapes

Holds up When Other Tapes Give Out

Go ahead, freeze it, autoclave it, even spill acids, alkalis and

organic solvents on it. This tape stays put! Its resistance to chemicals and moisture provides great versatility for heavy-duty lab use. Test results prove that it remains securely affixed with no discoloration after being autoclaved for 40 minutes at 125°C (258°F), as well as after one week in liquid nitrogen at -196°C (-384°F). Clear polyester tapes are 1mil (.001"), (.025mm) thick with 1mil of acrylic adhesive. Rolls are 32.9 meters (36 yards) long.

CATALOG NO.	DESCRIPTION	CASE	PRICE/EACH
F13453-0010	25mm (1") wide (2 rolls required for 1000 38mm (1 $\frac{1}{2}$ ") long labels)	36 Each	\$11.60
F13453-0015	38mm (1 $\frac{1}{2}$ ") wide (3 rolls required for 1000 76mm (3") long labels)	24 Each	17.55
F13453-0020	51mm (2") wide (3 rolls required for 1000 76mm (3") long labels)	24 Each	21.65

D. White Labels

Identify Your Samples

White paper labels accept any kind of marker. Use them with Scienceware® 13453 Clear Protective Lab Labeling Tape series to label your labware, bottles or samples. **100 labels per pad, 10 pads per box, 12 boxes per case.**

CATALOG NO.	SIZE	PRICE/BOX
F13455-0005	12.5 x 38mm (½ x 1½")	\$14.95
F13455-0010	25 x 76mm (1 x 3")	16.00
F13455-0015	38 x 76mm (1½ x 3")	17.00

Wide temperature range makes this tape ideal for many lab labeling requirements

Radiation Dots

Radioactive Indicator Stickers

Use these stick-on dots to identify microcentrifuge tubes and other vessels. The dots peel off as needed and will stick on plastics and glass for easy marking of any "hot" labware. Each dot is 6.35mm (¼") in diameter with the radiation symbol

on a yellow background. Color coding complies with OSHA regulations. **Supplied on a tape roll of 1000 dots, 12 rolls per case.**
