Rotary Pipette Stand

Turn to the Pipette You Want

This unique stand holds a maximum of 94 pipettes and rotates on a central vertical axis for convenient selection of the pipette you want. The lower rotating disc consists of four concentric troughs with tapered sides and open bottoms which cradle the tips protectively and permit water drops to run off. The upper rotating disc has a grid pattern concentric with the bottom keeping the pipettes vertical. Liquid draining off the pipette tip is retained on top of the stationary base by the outer rim. A low center of gravity stabilizes the 48cm high (18¾") stand. Rotating disks are 18cm (7¼") diameter. Made of polypropylene and PVC, it comes unassembled with instructions, for quick assembly, on the 230mm (9") diameter base.

Pipette Support Stand

Space Saving Storage

For safe and orderly storage of up to 28 pipettes, this polypropylene stand holds pipettes in a vertical position. The top plate has two sections; one with 10 holes 14mm (½") in diameter, the other with 18 holes 11mm (⅞") in diameter. 4 mm (⅜") diameter holes in lower plate support the tips of the pipettes. Measures 178mm (7") in diameter x 178mm (7") high. **Per each, 12 per case.**
