HAWS will provide, at no cost, certified technical data sheets for submission to architect/engineer/owner for approval. HAWS cannot guarantee this approval. The limit of our responsibility is to provide the material exactly as quoted. When materials are approved as submitted, the limit of HAWS responsibility is to furnish material as approved. Product modifications or alternate products will only be furnished at their current selling prices. Field measurements, when required, are the responsibility of the purchaser and must be transmitted to HAWS in writing. HAWS liability under this warranty shall be discharged by furnishing without charge F.O.B.
